It seems the only way to do it is to use onClick but I'm not sure how to put it in a cell. I've tried: onClick="this.style.backgroundColor = this.style.backgroundColor=="#CCCCFF"?#FFFFFF:#CCCCFF" but I get an error. What am I doing wrong? A: You need to use id jsFiddle Comparative in vitro evaluation of alternative root filling materials. This study evaluated the marginal sealing ability of two light-cure resins (iRoot SP, Clearfil SE, and Xeno IV Sealer) and a self-etching adhesive (Clearfil SE Bond) as root-end filling materials. Also, the dimensional stability of three root canal sealers (Pulp Protector, PermaSeal, and GuttaFlow Plus) was evaluated in simulated curved root canals. Forty bovine single-rooted teeth were selected and prepared with 82157476af
